

FIWMD Monthly Meeting Minutes
November 7, 2016 5:15
@ FI Community Center

Ann Banks, Chair
Robert Goodwin, Treasurer
Sarah Malinowski, Secretary
Gregory Thibodeau
Tim Patterson

Ann Banks called the meeting to order at 5:15 pm and all commissioners were present.

The purpose of the meeting was to review and discuss the attached proposal from P.W. Grosser Consulting "to provide environmental services associated with the planned redevelopment at the "Compost Station". The proposal is related to findings by the US Army Corps of Engineers that reports that the site has a low to moderate risk for munitions and Explosives.

Last week, Greg Thibodeau, Wayne Doucette and Beth Stern attended a meeting with P.W. Grosser, (Andrew Lockwood), KGO (Kim Gennaro-Oancea) and Pat Moore (legal rep) to discuss the same. The proposed task is necessary in order to move forward with permits and approvals for its improvement project.

Greg stated that the firm has specialized equipment necessary to perform the task that other firms in this region do not.

It was also stated that after the physical review of the site, the scope of sampling would be reduced.

Beth was asked to follow up on this and request a proposal to reflect the same.

Rob Goodwin motioned to expend up to \$34,815 for the attached proposal from P.W. Grosser; Greg Thibodeau seconded; the motion carried.

There was mention that Verizon is looking for a location for a cell tower site. Greg said he would look into the prospect, thinking of income it would generate and that the former landfill might serve.

The meeting adjourned at 6:45 pm.
